PROFESSIONAL SUMMARY

Recent CSE graduate with strong programming fundamentals and hands-on experience in AI/ML, NLP, multimodal learning, LLM-based applications, backend development and databases. Interested in building practical end-to-end AI systems and learning across application development, deployment, infrastructure and machine learning.

EDUCATION

Rajshahi University of Engineering & Technology March 2022 - August 2026

B.Sc. in Computer Science & Engineering

Thesis: CAAM-Net: A Conflict-Aware Attention-Based Multimodal Network for Bangla Clickbait Detection

CGPA: 3.68 / 4.00

Madhupur Shahid Smrity Higher Secondary School, Tangail July 2018 - March 2020

Higher Secondary Certificate

GPA: 5.00 / 5.00

Magra Pals' Union High School, Tangail January 2016 - February 2018

Secondary School Certificate

GPA: 5.00 / 5.00

SKILLS

- **Programming Languages:** C, C++, Python, Java
- **AI/ML:** PyTorch, TensorFlow, Scikit-learn, Hugging Face, LangChain, RAG
- **Backend & Web:** Flask, FastAPI, HTML5, CSS3
- **Database:** MySQL, SQLite
- **Tools & Systems:** Git, GitHub, Arch Linux, Ubuntu, NumPy, Pandas, Matplotlib, Plotly

EXPERIENCE

Ankabut Software Company Ltd. Rajshahi, Bangladesh

Industrial Attachment Trainee

Mar 2025

- Contributed as part of a development team to an AI-powered multi-company chatbot designed to help users navigate company websites and access relevant information and services.
- Participated in requirement analysis, system design, prototype development, testing and Agile workflows.

SELECTED PROJECTS

Plant Disease Detection | Flask, TensorFlow Lite, SQLite, RAG |  github.com/nahid2003131/PD_Detection

AI-Powered Plant Disease Detection System | Hackathon Project

2025

- Contributed as part of a team to an AI-powered plant disease detection system that identifies diseases from leaf images and provides bilingual care recommendations.
- Integrated a bilingual chatbot supporting Bangla and English queries using RAG with LLM and Web fallback.

Profit Ex | Flask, Python, MySQL, Plotly, ReportLab |  github.com/nahid2003131/Profit-Ex

Financial Management Web Application

2024

- Developed a web application for managing company income, expenses, salaries and net profits through a centralized dashboard.
- Implemented financial data visualization, PDF report generation and secure user authentication.

RESEARCH PROJECTS

Undergraduate Thesis Project

CAAM-Net: A Conflict-Aware Attention-Based Multimodal Network for Bangla Clickbait Detection

2025 - 2026

- Developed CAAM-Net, a conflict-aware multimodal framework that learns relationships between video titles and thumbnails for Bangla clickbait detection.
- Achieved the best overall performance among the evaluated baselines while showing only a 0.0129 Macro-F1 drop under conflicting title-thumbnail conditions, indicating strong robustness to misleading visual cues.

Bangla Hate Speech Detection |  aclanthology.org/2025.banglalp-1.41/

Published in *BLP-2025, IJCNLP-AAACL*

Transformer Ensembles and Multi-task Learning for Bangla Hate Speech Detection

2025

- We presented a compact system combining multilingual transformer models, ensemble methods and multi-task learning for fine-grained Bangla hate speech detection.
- Developed task-specific ensemble and multi-task learning approaches to improve prediction across hate type, target and severity classification.
- Performed extensive performance comparison across multilingual transformer models and multi-task configurations to evaluate their effectiveness across all three subtasks.

PUBLICATIONS

- [1] **Nahid Hasan**, "Catalyst at BLP-2025 Task 1: Transformer Ensembles and Multi-task Learning Approaches for Bangla Hate Speech Detection", in *Proceedings of the Second Workshop on Bangla Language Processing (BLP-2025)*, F. Alam, S. Kar, S. A. Chowdhury, N. Hassan, E. Hoque, M. T. R. Laskar, T. Mohiuddin, M. R. A. H. Rony, Eds., Mumbai, India: Association for Computational Linguistics, Dec. 2025, pp. 468–475. DOI: 10.18653/v1/2025.banglalp-1.41.

CERTIFICATIONS

Data Science Math Skills

Feb 2025

An online course offered by Duke University through Coursera, with access provided by FutureNation.

Aspire Leaders Program

Aug 2025

Completed 40 hours of leadership coursework offered by Aspire Institute as one of 6,175 finalists selected from 36,050 students.
